Amio Das

Fullstack Web Developer

✉ amio.das.dip@gmail.com 📞 01836311252 👤 3100, Sylhet, Bangladesh.

Profile

Highly Innovative and Proactive Full Stack Developer, renowned for consistently delivering elegant and groundbreaking website and application designs to discerning clients. A visionary problem solver, adept at transforming complex concepts into seamless user experiences. Demonstrated leadership in project management, inspiring cohesive teams to achieve excellence in every endeavor.

Education

B. Sc. In Computer Science and Engineering Jan 2017 - Dec 2022
Metropolitan University, Sylhet.

Employment

Frontend Engineer   Apr 2020 - Aug 2022
Console IT, Sylhet.

- Collaborate with designers and backend engineers to translate design mockups and wireframes into functional user interfaces.
- Develop responsive and user-friendly web applications using modern frontend technologies such as HTML5, CSS3, JavaScript, and frameworks like React.js or Vue.js.
- Optimize application performance and ensure cross-browser compatibility by implementing efficient coding techniques and conducting thorough testing.
- Work closely with backend engineers to integrate frontend components with backend APIs and services.
- Stay updated on emerging frontend technologies, trends, and best practices, and apply them to enhance our development processes and products.

Courses

Complete Web Development   Jan 2023

Embarking on the Complete Web Development Course by Programming Hero has been a transformative journey, guided by expert instruction from the instructor. Throughout the course, I gained proficiency in essential web development technologies such as HTML, CSS, React.js, Node.js, Express.js, and MongoDB.

Hands-on projects provided practical experience in building dynamic user interfaces and full-stack applications. The course's comprehensive curriculum and engaging teaching style fostered a deep understanding of web development principles. Armed with newfound knowledge and skills, I am ready to embark on my career as a confident and capable web developer.

Extracurricular

Sub-organizational member   Jan 2021 - Dec 2021
Prothom Alo Bondhusova Metroploitan University.

Communications Editor   Jan 2019 - Dec 2019
Prothom Alo Bondhusova Metroploitan University.
